

# Star Auto Scanner

**AUTOBOSS**  
USA

*"Compared with other scan tools at this price range, none of them can provide as much coverage on European and Asian vehicles as Star. I can diagnose from engine control module to computer-controlled suspension system with the same unit. Star is definitely one of the best aftermarket tool!"*

*Jimmy  
Jason's Auto Service  
Oakland, CA*

## Only OEM scanners can do more!

Upgradeable CF program card  
(Continuous software update)

Built-in printer  
(Instant diagnosis report)

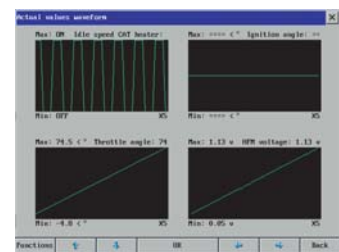

Rugged design with nylon strap  
(Maximum protection in workshop environment)

Wide color touch screen display  
(User-friendly, menu-driven navigation)

Manufacturer-specific coverage  
(OEM-level diagnostic power)

Up to 4 live data graphs  
(Real-time troubleshooting)
